Berlin

8. Nov. 2023

ARCHENHOLD-STERNWART

FUTURE PROOF Lighting SYMPOSIUM

IN FOCUS

- * How can we combine the protection of the environment, biodiversity and natural darkness of the night the best possible with functional and aesthetic lighting ?
- * How can we create more circularity & C2C in the lighting industry?
- * Which approaches can lead us to more sustainability in luminaire manufacturing
- * What influence do I have on the impact of artificial lighting in a private setting?
- * Your questions to the topic and much more.

WHEN: 08th November 2023, 08:30 - 18:00

WHERE: Berlin, Archenhold Observatory

SUSTAINABLE EVENT - we ask our visitors to use public transport.

COSTS: 15€ for private visitors / 95€ Professionals
(Certificate of Attendance / Continuing Education
Certificate AK Berlin, LiTG)

We take on the diversity of the topic "artificial lighting" and carry it into the breadth of society. Participants can enjoy a successful mix of exciting round-table discussions with experts from the fields of architecture, nature conservation, jurisprudence, production and application, ecology, daylighting and artificial lighting design, and sustainable luminaire construction. In addition, there will be best practice examples and gallery presentations with exemplary approaches and lighthouse projects on the topic.

LANGUAGE - IN GERMAN
