

WE. ACT. TOGETHER.

Berlin 5./6.11. 2023
Messe Berlin, Marshallhaus

FUTURE PROOF Lighting SYMPOSIUM

IN FOCUS

- * How can we combine the protection of the environment, biodiversity and natural darkness of the night the best possible with functional and aesthetic lighting ?
- * How can we create more circularity & C2C in the lighting industry?
- * Which approaches can lead us to more sustainability in luminaire manufacturing
- * Who influences the impact of artificial lighting
- * Also: experience more environmentally friendly light in the „Mindful Light“ exhibition

WHEN: 05.11.2024, 13:00 – 21:00; 06.11.2024, 8:30-13:00 Uhr

WHERE: Messe Berlin, Marshall-Haus, aside and together with **belektro**, optional with your own booth.

WITH UP TO 300 GUESTS from municipalities, politics, planning and lighting application

SUSTAINABLE EVENT - we ask our visitors to use public transport.

COSTS: Depending on sponsorship and funding, between €25 and €200 (participation certificate / training certificate AK Berlin, LiTG), discounts for associations & partners and private individuals on request

SUBJECT: „artificial lightin“ in an overdisciplinary discourse with experts and society. Participants can expect a successful mixture of impulses from experts in lighting research & standardization, nature conservation, production and application, ecology, daylight and artificial lighting design and sustainable luminaire construction. In addition, there will be est practice examples and gallery presentations with exemplary approaches and lighthouse projects on the topic.

LANGUAGE - IN GERMAN
